A sense of home at Buxton Common

By CYNTHIA MATTHEWS

At 1420 Long Plains Road on the corner, of Routes 22 and 202 in Buxton, sits a dark yellow 1790 farmhouse. Perhaps you know it as the Mustard House. While the house has retained its mustard color on the exterior, inside, it is a whole different space. A gathering space. A new restaurant called The Buxton Common.

Owner Max Brody has refurbished the old antique store into a community gathering space, “a place to congregate for a family dinner, a romantic evening, a drink after work, a celebration or to meet new friends and old acquaintances,” according to the website. Step inside the door and you will immediately see the transformation. The entryway is completely new construction, with a new foundation, opening up to the bar. On the wall to your right is a pic-

ture of “Lucky,” a rooster owned by employees of Brody’s previous restaurant, who was, indeed, Lucky, as he is the owner survivor of a raid by vermin. Brody’s mother took this portrait. Lucky has become the mascot of the restaurant.

Turn right, and you enter the house, and the first ‘dining’ room. This room has a counter, facing the windows, looking out on the street, and two smaller tables with high stools. Next is the dining room, or communal room, with a bigger table for a larger group to gather around. The dining room flows into the yellow room, a more open spacious room with yellow walls. Next is the blue room, perhaps once a dining room or parlor, with shelving built into the wall, and a smaller number of tables of various sizes. Finally, there is the red room, a smaller room with a fireplace, which will eventually get a propane insert to make it

The Bar Manager Tamahl at The Buxton Common restaurant.

COURTESY PHOTO

nice and cozy, “old home style” as Brody said as we walked through. “Each room has its own cozy feeling,” said Brody. “People often ask for certain rooms.” They are also planning to add a deck out back.

The old farmhouse is not hid-

den in the restaurant, but rather, the restaurant is hidden in the old farmhouse. The old wooden beams can be seen in the ceiling, the old floorboards on the floor, and colors of various woods throughout.

Windows on winter

By CYNTHIA MATTHEWS

This week, we’ve seen the signs that summer is coming to an end and winter is not too far away. Are you looking for a way to keep your heating costs down? The Sacopec Energy Alliance (SEA) would like to help.

SEA has joined with Window Dressers of Rockland to make window inserts for those in the community who would like to participate. The inserts are insulated and fit inside an existing window, letting in sunlight, and still allowing you to look out the window, while keeping out the draft. “They reduce 25-30 percent of heat loss,” said SEA Board Member Lyn Sudlow, “and are far less expensive and more effective [than other methods].” Part of the reason for this is that the inserts are custom made. Trained community volunteers measure each window precisely, the measurements are then sent to Rockland where the frames are built to fit those measurements. The frames themselves are assembled and shipped from Rockland to the community where the inserts are being assembled.

The materials for building the window inserts are provided by Window Dressers. Volunteers come together to participate in the Community Build, where the window inserts are put together with two layers of film and foam around the edges to create a seal. Sudlow herself participated in a Build last year. “It was a lot of fun to go down to a large facility and see all the stations set up,” she said. “Everything was extremely well organized,” she continued. “Each station was carefully marked.” At the end, each window was labeled with not only the customer’s name, but also which window of the house the insert was made for.

There are 20+ Community Builds across the state each year. The SEA is holding their Community Build Nov. 29 to Dec. 4 in the gym at the Parsonsfield Town Office (formerly Fred Morrill School), at 634 North Road. Their goal is to build 200 windows. But before the windows can be built, they need measurements. Are you interested in purchasing a custom-built window insert? Volunteers from SEA will come to your home and measure each window. The process can take up to 1½ hours depending on how many windows you want to insulate and the style of the window. Measurements need to be completed and sent to Window

A troop for 100 years

By C.J. PIKE

The Limerick/Newfield Boy Scout Troop #329 is officially 100 years strong and counting and last Saturday, Sept. 8, they held their anniversary camporee in Limerick at the F.R. Carroll pit, where they had a good turnout of other troops from the area and demonstrators. Troops that attended were Windham, Hollis, Kennebunk, Eliot, Kittery, Shapleigh, Lyman and North Berwick.

Troop 329 had their mess tent set up for the scouts and sales of many food items from hamburgers and hot dogs to chips and hot coffee, which was a big item, as Saturday was quite sunny, but a bit chilly.

The scoutmasters were there to supervise and many volunteers were there in support of the boys. Scoutmaster Jim Dion and Assistant Scout Masters Joe Iannazzo and Geoff Thayer, Committee

BRIEFS

Buy a Brick fundraiser

The Goodwin's Mills Firefighters and Rescue Association is sponsoring a Buy a Brick Memorial Fundraiser to honor a loved person living or one who has passed on or even a special pet. With the donations received a wall of bricks will be built and will include three flags with recessed lights. The landscaping around the wall will have new grass and shrubs. The bricks will have the name of a loved one and clip art chosen by the donor.

This year, through a generous donation received from a family living in the towns of Dayton and Lyman the department was able to place a LED sign in front of the station. The firefighters and Rescue personal would like the wall to be built and dedicated by 2019 when the fire department will celebrate its 70th anniversary.

Lt. Phil Daniels, Fund Raising Chairman, has stated that, "When the project is complete we will have a memorial that will not only hold the memories of past loved ones but add to the pride that each of the men and women of this department cherish."

For more information call Lt. Phil Daniels at 499-0362 or 206-0164 or 481 Goodwins Mills Rd, Lyman. You may choose clip art to decorate the brick by ordering online at <https://polarengraving.com/> Goodwin's Mills Firefighter Relief Association. - *By Joy Spencer*

DUKE ROBILLARD Friday, Sept. 14 from 7:30 to 9 p.m. at the Saco River Theatre, 29 Salmon Falls Road, Bar Mills. Tickets: \$30 General Admission, \$25 Seniors/Students. Reservations: 929-6472 or visit www.sacrivertheatre.org.

Limerick Historical Society presents: **BAPTIST SOCIETY CHURCH CEMETERY WALK.** Sat., Sept. 15, 2 p.m. at Baptist Society Church, Main Street. Learn the history of the "old church on the hill" and how the building and belfry will be repaired. Use our cemetery walking map and read about fascinating residents buried beside the church. Light refreshments in the foyer. Weather date: Sat., Sept. 22 at 2 p.m.

FREE COMMUNITY DINNER Saturday, Sept 15, from 5-6:30 p.m. at Goodwins Mills Advent Christian Church on the Mill Pond, Route 35, Goodwins Mills. The menu will include American Chop Suey, green salad, garlic bread, and brownies.

Goodall Library, Sanford will be holding an **OUTDOOR BOOKSALE** on Saturday, Sept. 15th from 8am - 3pm on the Elm St. side of the building by the entrance. Many Adult and Children's books, audiobooks, dvd's and various non-book items will be for sale. PLEASE NOTE: In case of rain, we will hold the sale indoors with a start time of 10:00 AM. Payment in cash or check only.

The **LYMAN HISTORICAL SOCIETY** will hold their annual

meeting on Tuesday, Sept. 18 at 6 p.m. at the Community Library, 4 John Street, Lyman. Officers will be elected for the upcoming year. New members are welcome for an annual fee of \$10. Like them at Lyman Historical Society on Facebook or for more info call Steve at 603-583-3360.

THE PORTLAND PIANO TRIO on Friday, Sept. 21, 2018 at 7:30 p.m. hosted by The Bar Mills Community Church located at 13 Hermit Thrush Drive in Buxton. Since its critically-acclaimed Portland, Maine debut in 2016 this group has entertained and inspired audiences throughout New England. Tickets for the show \$10 per person or a season pass \$35 per person. Purchase Tickets at the door. For more info on this event and other upcoming events visit www.barmillscommunitychurch.org.

MUSTANG FOOTBALL AUCTION Saturday, Sept. 22 in the Massabesic High School Gym. Viewing and silent auction begin at 4 p.m. Live auction begins at 5 p.m. with over 100 items up for bid. Public welcome. Admission is \$10 and includes light fare by Woody's Sports Grille and entry into five \$100 cash drawings. There is also a high stakes 50/50 raffle drawing following the auction with a current take-home jackpot of \$8,700.

ACTON APPLE FEST WEEKEND various events at Smith's Red Apple Farm (route

109) and Romac Orchard (H Road) on Saturday, Sept. 22 and Sunday, Sept. 23, 9 a.m. to 3 p.m. Also, a Bean Supper at the Acton Congregational Church on Saturday, 4:30-6:30 p.m. FMI e-mail tminihan@gmail.com.

SWAP MEET & VINTAGE SLED SHOW hosted by the Ossipee Mountaineers Snowmobile Club, Sept. 23 from 9 a.m. to 2 p.m. at the clubhouse, 255 Old Alfred Road, East Waterboro. Parts and gear, food, raffles, new and used sleds, vintage and antique sleds, craft vendors and more. FMI call Russ at 451-0980.

CALLING ALL QUILTERS! The Evergreen Quilt Guild will meet on Monday, Sept 24 from 6-9 p.m. at St. David's Episcopal Church, Route 1, two miles south of Kennebunk Village. Evergreen Quilters usually meet the 4th Monday of each month except July and December. Newcomers are always welcome.

Goodall Library in Sanford will be hosting a **NEEDLE FELTING WORKSHOP** conducted by Danielle Bonney on Monday, Sept. 24 at 6 p.m. Bonney is a local wool sculptor who makes birds and other animals out of sheeps wool through a technique called Needle Felting. She has been a sculptor for several years and believes that everyone is an artist. Her work can be seen on her Etsy shop www.etsy.com/shop/wildthingsmaine. Participants will learn how to make

a felted bunny to take home. Registration is required and limited to 14 participants. A fee of \$5 for supplies will be charged and can be paid on the day of the workshop. You may register by calling 324-4714 or stopping by the library at 952 Main St., Sanford.

OSSIPEE MOUNTAIN ATVERS FALL FESTIVAL Saturday, Sept. 29 at the MX207 race-track, 53 Bartlett Bridge Road, Lyman. Gate fee \$10, events start at 10 a.m. Event entree fee \$20. Events are 200-foot drag race, barrel race, obstacle course and mud runs. Vendor booths, breakfast and lunch. FMI www.omatvers.net.

WINTER WINDOWS

(Continued from page 1)

Dressers by mid-October, so now is the time to get those requests in.

Costs for the inserts vary, as they are made to fit a particular window, and are, therefore, custom-priced. Window Dressers website says that the inserts “generally pay for themselves in 1-2 heating seasons.” Visit www.windowdressers.org to see a chart that shows sample prices to give you an idea. “These windows are for anyone,” said Sudlow. “This is a great way for anyone to save money and feel more comfortable [in their homes], cutting down on drafts.” The inserts stay in the window for the winter, then are taken out and stored for the summer.

If you have windows you would like to “insulate” with one of these inserts, or if you would like to volunteer your time to help with the Community Build, contact Peter Zack at 625-7833 or Lyn Sudlow at 329-1349 or by email at Peter@secanews.org or Lynnda.sudlow@gmail.com. The first build Workshop will be Thursday, Nov. 30 from 12:30-4:30 p.m.

For more information about Window Dressers, visit www.windowdressers.org. Both Window Dressers and Sacopec Energy Alliance are non-profit 501c3 organizations. For more information on Sacopec Energy Alliance, contact Rob Heard at 625-8619. Donations are always welcome!

The SEA began in 2008. A Selectperson from Brownfield emailed some concerned citizens, including Heard, about forming a group that could help with heating assistance. Together with the

Brownfield Food Pantry, they formed a community group to raise money to help catch people who fell between the cracks, who were denied Federal Assistance. They became their own 501c3 a couple of years ago, with the idea of expanding beyond heating assistance. They still help with providing heating fuel assistance, but that doesn’t just mean oil or propane. They also have a Firewood and Wood Pellet assistance program for those that heat their homes with wood. They have also worked with Efficiency Maine to help community members with weatherization – keeping the heat inside the home. Efficiency Maine has provided some of the funding for this project with Window Dressers, as has the New England Grassroots Environmental Fund.

SEA also has a grant from the Maine Community Foundation. “We couldn’t do this without them,” said Heard. “We would like to thank them for their support.” With the assistance from these organizations, the SEA is able to subsidize some of the window builds, or is able to help people find grants through places such as Efficiency Maine. If you think the window inserts would work in your home, but you are not sure if the costs are affordable for you, contact Sacopec Energy Alliance. They can help!

Sacopec Energy Alliance will have a display table with more information at the Apple Festival at Thompson Park in Cornish in Saturday, Sept. 29. Stop by and check them out!

BUXTON COMMON

(Continued from page 1)

Leftovers from the old antique store (aside from the color of the house itself) are the chandelier and several light fixtures. Some of the tables, chairs and benches are repurposed wood, beams or floorboards that came from the old section of the house out front. Adding to the feeling of community, not replacing. The décor is very cozy as well, with local maps and old photos of Buxton on the walls which came from the Buxton Historical Society. There are even some local finds, a sign from Pete’s place, a tapestry from a local antique store.

Tony Taylor of Tony Taylor Design did a lot of the trim work, especially out front in the entryway. That section of the building is newly built, with a new foundation and structure that it hadn’t had before. “A lot of the trim work was in Tony’s barn,” said Brody. “He brought it back to life, really. We are very appreciative for what he has done.” Some of the trim you might not notice, according to Brody, but it really adds character. Taylor also made the sign out front.

Brody bought the building in January 2017, and it took over a year to get it ready to open to customers. He said he appreciated the support from Gorham Savings Bank and the Small Business Administration. The Buxton Common opened in June, and according to Brody, they already have regular customers who come in weekly. “The bar manager, Tamahl, is quirky, and gracious,” said Brody. “People like to come in, sit at the

Max Brody, owner of the Buxton Common restaurant. PHOTO BY CYNTHIA MATTHEWS

bar and enjoy his company.”

People also like to eat. “There aren’t many amenities or resources out this way. People want unique but familiar comfort food, without having to drive to Portland,” Brody explained. “We saw it as a community need.” And Brody fulfills that need. There is a large smoker out back, but this not a traditional BBQ restaurant. They serve smoked fish, pork, chicken, beef brisket, veggies, and even BBQ tofu skewers. They also have a variety of sauces all made on the premises. There’s a more traditional, tomato based, Kansas City BBQ style “Slather” Sauce, a vinegar, pepper and molasses “Mop” Sauce, a unique Alabama, ‘Bama White sauce made with mayo, a mustard sauce, known as Carolina Gold, as well as a Cheddar Cheese and a Smoked Chili Hot Sauce. “We let the customer pick their own adventure,” Brody said. “People who come on a regular basis can mix and match, have the freedom to move around

and try new things.”

“I like being in this environment,” said Brody. “People are excited about having something in the area.” And he is happy to serve as a public, community resource. “The Mustard House became kind of a landmark,” he explained. “We didn’t want to change that, but to keep that idea of an historical building becoming a communal gathering spot, where people can find their place in the area.” To show this, the placemats, which also have the menu, have historical facts and pictures of landmarks in the area around the border.

The Buxton Common is open Tuesday through Saturday, beginning at 4:30 p.m. The kitchen closes at 9 p.m., and the bar is open until 10 p.m. You can make reservations by calling 298-9621 or by sending an email to info@thebuxtoncommon.com. Stop in to check it out, visit them on the web at www.thebuxtoncommon.com or find them on Facebook.

DEPT. OF AGRICULTURE, CONSERVATION AND FORESTRY NEWS

Emerald Ash Borer confirmed in Western York County

Discovery of this highly destructive insect is bad news

State officials at the Maine Department of Agriculture, Conservation and Forestry today announced that entomologists have confirmed the presence of emerald ash borer (EAB) in western York County, Maine. This alarming new development follows a spring discovery in northern Aroostook County.

The emerald ash borer (EAB) is a highly destructive, introduced pest of forest and ornamental ash trees (*Fraxinus* spp.). Since its initial detection in southeastern Michigan near Detroit in the summer of 2002 it has spread rapidly. As of August 2018, it has been found in 35 states, and four Canadian provinces including Maine.

Earlier this week, EAB adults were recovered on two purple traps in York County, Maine. One adult beetle was found in both Acton and Lebanon by the USDA-APHIS contractor, Delta 21. Field personnel from the Department of Agriculture, Conservation and Forestry, Maine Forest Service are currently conducting ground surveys in the area to follow up on the trap detections.

In late May 2018, an established EAB infestation was

detected in Edmundston, New Brunswick, Canada. Subsequent surveys in Maine detected lightly-infested ash trees in Madawaska adjacent to the Frenchville town line. In early August EAB was found on purple traps in the town of Grand Isle, ME. The MFS implemented a stop movement order on ash from the towns of Frenchville, Grand Isle and Madawaska on August 10th, 2018. This order will be amended to include affected towns in York County once the initial follow up survey is conducted.

Ash trees infested with EAB may die within two to three years. Since its arrival in North America, EAB has killed hundreds of millions of ash trees in infested states and provinces, and has cost municipalities, property owners, nursery operators and forest products industries hundreds of millions of dollars.

Ash trees comprise four percent of Maine's hardwood forest, are a valuable timber species, and are also an important street tree. EAB threatens all species of ash trees (but not mountain-ash, *Sorbus* spp.) and will have significant ecological and economic impacts

on the state. There are no practical means to control EAB in forested areas, though pesticide treatments can protect individual trees.

A public meeting will be held in York County in the near future, details to be announced shortly. More information on this pest in Maine can be found at www.maine.gov/eab.

STAY INFORMED

Parties interested in receiving updates regarding EAB in Maine can subscribe to the Department's electronic bulletin list "Emerald Ash Borer (EAB)." Subscriptions are available through e-mail or text message (SMS): <https://public.govdelivery.com/accounts/MEDACF/subscriber/new>

Waterboro Public Library events

Chair Yoga at the Waterboro Public Library

This fall Chair Yoga is being offered at the Waterboro Public Library (WPL) and began Tuesday, Sept. 11. Cindy Simon, M.A., NCC, RMT will teach you stretches, yoga positions, tai chi exercises, and deep breathing while you are seated in a chair or standing using a chair for support if needed. This program is great for seniors and people wanting to get back in shape, and anyone with physical limitations or any sort of chronic health issues. Future dates are Oct. 9, Nov. 13, and Dec. 11, each from 2:30-3:15 p.m. Call or stop by WPL to register as space is limited.

Cindy Simon holds a Master's degree, a national certification in counseling and is a Reiki Master. Cindy has done a wide range of program development. Cindy teaches classes/workshops and counsels individuals in health and wellness and writing; including such topics as meditation, yoga therapy, macrobiotics-ish diet, yoga mudras, healthy living, creative writing, novel writing, travel writing, journal writing, and senior exercise classes.

Lego® Club

Waterboro Public Library is offering a Lego® Club for children in grades K and up. The club will meet on Monday, October 15 from 4-5 p.m. All Lego® bricks will be provided, just bring your imagination and creativity! Registration is required. Register at the reception desk or by calling 247-3363.

dren in grades K and up. The club will meet on Monday, October 15 from 4-5 p.m. All Lego® bricks will be provided, just bring your imagination and creativity! Registration is required. Register at the reception desk or by calling 247-3363.

Perler Bead Crafts

Waterboro Public Library is offering a Perler Bead Craft program for children in grades 1 and up on Monday, October 1 from 4-5 p.m. Perler Bead crafts are made by placing colorful plastic beads on pegboards to create pixel designs. Once done the design is fused together and can be used for decorations, as a coaster, or even turned into a keychain! We will supply all the materials and some idea books! Registration is required. Register at the reception desk or by calling 247-3363.

Writers group

A writers group meets at the WPL on Mondays from 6-8 p.m. (when the library is open). All writers are welcome. Bring a short piece to read and discuss.

Waterboro Public Library is located at 187 Main St., East Waterboro. For more information visit the website waterborolibrary.org. Events are free and open to the public.

TOWN OF WATERBORO

Notice of Public Hearing

The Waterboro Board of Selectmen will hold a Public Hearing at the Waterboro Town Hall, 24 Townhouse Road, on **Tuesday, October 9, 2018 beginning at 6:00 p.m.**

Public Hearing is to hear public comment concerning the November 6, 2018 referendum questions as shown below:

ARTICLE 1: "Shall the Town approve the proposed amendment to Section 212 of the Charter as printed below?"

Section 212 – Method of Abolishing the Town Meeting. At any time, not less than fifteen percent (15%) of the registered voters of the Town may petition over their personal signatures for a referendum to vote upon the question abolishing the Town Meeting. The Board shall call such a public hearing to be held within thirty (30) days from the date of the filing of such petition with the Town Clerk. The proper election officials of the Town shall take such steps as may be necessary to place such question upon the ballot at the next general election or at a special election called for that purpose. If at such general election or special election a majority of the electors of the Town voting on the question shall vote for the abolition of the Town Meeting of the Town of Waterboro, the powers heretofore vested in the Town Meeting shall be conferred upon and exercised by the Board. The Board shall set the budget and final approval shall be by referendum vote of the registered voters of the Town. Once the Town Meeting is abolished pursuant to this Section, the procedures and time periods established in this Charter for Special Town Meeting or Annual Town Meeting shall apply to the regular or special budget referendum vote. The regular budget referendum vote shall be held on the second Tuesday in June of each year. To reinstate Town Meeting, the process shall follow the same procedure as was done establishing referendum voting. If the referendum process is adopted, approval of any appropriation in addition to or supplementary to the annual budget appropriation shall require an additional referendum, if such additional or supplemental appropriation exceeds a cumulative amount equal to one percent (1%) of the annual municipal budget as approved at the preceding Annual Town Meeting. (Explanatory note: underlined text is the proposed new text)

ARTICLE 2: "Shall the Town approve the proposed amendment to Section 904 of the Town Charter as printed below?"

Section 904 – Procedure to be Followed.

- The proposed budget prepared by the Administrator shall be reviewed by the Board which shall approve the preliminary budget with or without amendments.
- The complete Town budget as approved by the Board shall be printed and distributed, and the Board shall fix the time and place for holding a public hearing on the budget, and shall give public notice pursuant to State law.
- The Board shall then review the budget and recommend it with or without amendment to the Annual Town Meeting. The reviewed budget shall be made available to the public at least fourteen (14) days prior to the Annual Town Meeting.
- The Board shall, in Article form, list those accounts which should lapse at the end of each fiscal year in the Annual Town Meeting Warrant; such funds shall be placed in the surplus account.
- If the Town has abolished the Town Meeting and adopted the budget referendum vote, the following procedures shall apply:
 - If one or more operational budget items do not pass at the regular budget referendum vote, the Board of Selectmen shall hold two additional public hearings on the proposed revisions to those items before holding a special budget referendum vote on those items.
 - After the end of the current fiscal year and prior to the special budget referendum vote on the failed items, the budget for such items shall be set at 50% of the prior fiscal year budget for those items.
 - There shall only be one special budget referendum vote on any items that are not passed at the regular budget referendum vote.
 - If any item fails to pass at the special budget referendum vote, the budget for that item shall be set at the prior fiscal year budget for that item. This limit shall apply to the entire fiscal year, including any amount expended prior to the special budget referendum.

(Explanatory note: underlined text is the proposed new text)

ARTICLE 3: To see if the Town will vote to authorize the issuance of up to \$614,640 in general obligation bonds or notes of the Town to finance the costs of a new fire truck to replace the 1998 Engine 3 of the Town, with the details

of such bonding (including provisions that the bonds may be prepaid or subject to call for redemption with or without premium and the dates, maturities, denominations, and interest rates(s) to be determined by the Board of Selectmen??

Explanatory Note: (Total estimated debt service is \$614,640 of which \$500,000 is estimated principal, and estimated interest at a rate of 4.25% over 10 years is \$114,640. The Board of Selectmen and Budget Committee both recommend a "yes" vote as they both approved the truck replacement in concept in this fiscal year's budget, but no payment was needed until after July 1, 2019. This Referendum Question, if approved, authorizes the borrowing of funds for the purchase with the first payment not until fall 2019.)

Financial Statement: The issuance of bonds by the Town of Waterboro is one of the ways in which the Town borrows money for certain purposes. The following is a summary of the bonded indebtedness of the Town of Waterboro as of the November 2018 election.

Bonds Now Outstanding and Unpaid	\$937,887
Interest to be Repaid on Outstanding Bonds.....	\$44,950
Total to be Repaid on Bonds Outstanding	\$982,837
Additional Principal Amount of Bonds	
Authorized But Not Yet Issued.....	\$0
Total Additional Bond to Be Issued	
If Approved By Voters	\$500,000
Estimate of Potential New Interest on	
Such Additional Bond	\$114,640
Total Additional Bond to Be Issued and	
Estimated Interest If Approved By Voters	\$614,640

When money is borrowed by issuing bonds, the Town must repay not only the principal amount of the bonds but also interest on the bonds. The amount of interest to be paid will vary depending upon the rate of interest and the years to maturity at the time of issue. The validity of the bonds and of the voters' ratification of the bonds may not be affected by any errors in the estimates made of the costs involved, including varying interest rates, the estimated cost of interest on the bond amount to be issued and the total cost of principal and interest to be paid at maturity.

ARTICLE 4: "Are you in favor of allowing ATV usage on certain Town roads if controlled by Municipal Ordinance?"

(Continued from page 1)

Chair Laurie Thyng, Chartered Organization Representative Pete Washington, Unit Commissioner Judee Meyer, and committee members Kathy Michaud and Michele Boucher, were also there to assist with the activities.

It was a 2-day event, which meant long hours for the boys and the parents who supervised. Those parents were Dominic Vermette, Kathy Michaud, Kevin Gray, Corrie Canning, and Bekah Roy. Other volunteers were Josh Thyng, Steph Thyng, Jeanne Provencher and Pete Vermette.

A total of 8 troops camped for the weekend and 4 other troops came for the day.

Troop #329 was all decked out in their new orange Class B tee shirts with the new logo of the centennial badges imprinted on the back. There was plenty to do to keep all of the scouts busy over the weekend with several demonstrators.

The Maine Bike Coalition put on a demo and the scouts went on a bike trip around the area. Others that were there for demonstrations were: the York County Sheriff's Dept. with their evidence van, AAA driving school vehicle, a Maine biologist, the American Legion was retiring old flags, York County Emergency Management with an emergency vehicle, Dr. Bob Schmick and Frank Vivier gave blacksmith demon-

strations, and there was a rain gutter regatta. Also, the scouts made para cord survival bracelets, went fishing, and had a flint and steel fire starting demo. They also learned about making Morse code with signals and beepers; and there were old WWII items on display, a chili cook-off and a Pinewood Derby with Legos.

On the afternoon that I was there, they were invited up to the old Odd Fellows building in Limerick to see the memorabilia and history of the very first scout troop of 12 boys, founded by J. Hollis Orcutt, who was principal of Limerick Academy, and founded Troop #8 on April 29, 1918. And winding down on Saturday night was a campfire, a chili cook-off, and awards.

Troop 329's First Eagle Scout, James Libby, attended the campfire to speak and receive a plaque made for him. Troop #8's first Eagle Scout Wilfred Hill is deceased, but his daughter was located and she sent the newspaper article from when he became an Eagle Scout; it was read at the campfire. His plaque will be mailed to her.

Troop #312 No. Berwick, won the Gateway Competition; Troop #320 Shapleigh, won the 1918 Period Competition; and Troop #329 won the Chili Cookoff. Troop #304 Kennebunk got a second place and Troop #399 Lyman got a third place. Honorable mention was Troop #312 No. Berwick. There are currently 14 boys in Troop #329.

Boy Scout leader Steve Bickford of the Pine Tree Council, stated that the local groups of scouts would officially be taking girls into the troops in February of

The Limerick/Newfield Boy Scout Troop #329 held a 100th anniversary camporee in Limerick. PHOTO BY C.J. PIKE

2019. and it will be called Scouts, BSA. The scouting program is primarily for middle and high school kids.

He stated that, "Nationwide the scouting program has progressed, with more opportunities for both genders." They have merit badge counselors and it is still an all-volunteer group of parents and adults. All groups are covered by insurance.

The scouts have camporees three times a year, and are always looking for volunteers to serve as scoutmasters and other positions. For more information on that, contact Joe Iannazzo at 850-6237; or Bickford at 797-5252, ext. 24.

Troop #329 would like to thank everyone who helped out by volunteering, putting on demonstrations and in other capacities, to make the 100th. Year Celebration a huge success. According to Committee Chair Laurie Thyng, "We could not have done it without all of you."

Lunch Bunch off to Cornish

The Lunch Bunch will be going to the Sacopee Valley House of Pizza in Cornish on Thursday, September 20, meeting there between 11:00 -11:15 a.m., at 200 Maple Street. Everyone is welcome to go. Call Janet Colwell at 793-4348 for more information.

Lions to have car show

The Limerick/Newfield Lions Club will have their 1st. annual car show on Saturday, September 22, rain or shine. The show will be held in the Industrial Park on Burnham Road, from 9 a.m. to 2 p.m. Registration starts at 8 a.m. Food, music and voting will all be part of the festivities. For more information, please contact Cynthia Vermette at 793-8140. The entry fee is \$10 per car.

BRIEFS

Arundel's Annual Heritage Day

Do your kids like farm animals? Perhaps you have an interest in old steam machines and engines. Or, you may want to get an idea of camp life during the Civil War. The 6th Annual Heritage Day in Arundel has all of this and more on Sept. 15 starting at 10 a.m.

The event is an annual gathering of the Arundel community to showcase its people and history, but it also a day of food, music, craft demonstrations, and games for the kids. There will be quilters, spinners and weavers, a Civil War reenactment, crafters, a Boy Scout encampment, and those old engines mentioned before.

There will be an apple pie baking contest (pies submitted by 12 p.m.) as well as a "Reminisce Tent" where old friends and neighbors gather to acquaint themselves amidst historical pieces of Arundel's heritage. The Southern Maine Ukes will be back again with their wit and music; wagonrides will be available as in the past.

You won't go hungry as there will be hot dogs, drinks, and chips and as always the Lobster Company food truck will be there doling out their fresh fried seafood.

The admissions and parking are free and the event is located at the corner of Limerick Road and Rt. 111 which is the site of the North Chapel Common. Everyone is welcome to what will be a great family day.

GOLF

Golf squad splits

Massabesic won four of six matches and they took the team medal by two strokes to pace a 9-4 win over Biddeford in varsity golf on Sept. 4 at Dutch Elm. Ethan Laverriere had the low round for the Mustangs with a 46 and Carter Brunell led the Tigers with a 40. Massabesic edged Biddeford 247-249 in the team medal portion of the match which totals all six golfers' nine-hole round.

One week later, on Tuesday, Sept. 11, Noble topped Massabesic 9.5-3.5 in a match held at Sanford Country Club. The Knights won five of the six matches and they easily won the team medal point. Jonah Roy was the lone winner for Massabesic, carding a 44.

FALL SPORTS PREVIEW

CROSS-COUNTRY

Mustang men fourth at XC meet

Jeffery Waters finished ninth with a school record 16:06 and the Mustang men posted a fourth place finish at the annual Southern Maine XC classic held Saturday, Sept. 8 in Gorham. Massabesic finished with 155 points, behind third-place Falmouth's 133. Scarborough took silver with 97 and Greely won gold with just 76. Men from 26 high schools competed.

The lady Scots turned in a dominant performance led by freshman Delaney Hesler who finished fourth overall with an 18:39.51. Senior Ami Beaumier was right behind Hesler in fifth, classmate Kayla Raymond was 12th, freshman Emmaline Pendleton was 13th and Emma Abbott, a junior was 16th.

The Scots posted just 50 points, well ahead of second place Falmouth who totalled 82. Yarmouth was third with 150. Freeport was fourth with 177. The Mustangs finished 18th. Women from 24 high schools competed.

FIELD HOCKEY

Field hockey even at 2-2

By MICHAEL DEANGELIS
sports@waterbororeporter.com

Massabesic's varsity field hockey team remains at .500 after splitting their last two contests. On Saturday, Sept. 8 host Massabesic edged Cheverus 4-3. Izzy Hurlburt had two second half goals including the game winner and she assisted on another. The game went into halftime tied at 1-1. Micaela Jacobs got the Mustangs even, after Cheverus

opened the scoring two minutes earlier, halfway through the first half with a goal assisted by Emma Snyder.

Hurlburt put Massabesic up 2-1, Jacobs assisting, just 90 seconds into the second half, but Cheverus tied it 2-2 less than a minute later. Snyder made it 3-2 Mustangs at 18:20 and Hurlburt sealed it with her second less than two minutes later. Massabesic Goalie Maddy Pomerleau (eight saves) left the game with a leg injury and Ashley Day took over in net, making six saves.

On Tuesday, Sept 11 host Kennebunk (2-1) topped the Mustangs 3-2.

SIS donates \$500 to the Buxton Toy Box

As the summer starts to wind down, SIS Bank continues to ramp up its community outreach efforts. Most recently, the Bank is pleased to announce its latest \$500 gift as part of its Employee Donation Program, this time to the Buxton Toy Box.

The Buxton Toy Box was established in 1995 as an organized

effort to donate toys and other items to needy children in Buxton, ME. Although the organization's main collection events take place during the holiday season, the donation program operates year-round.

Diana Panetti, CSR/Teller for SIS Bank's Buxton branch, is the 29th employee to be randomly selected to choose a charity of personal importance to receive a \$500 gift from the Bank. Panetti has been a supporter of this local charity since 1998.

"There are many families who likely struggle to purchase holiday gifts for their children and

loved ones. This wonderful program ensures that our local youth get to experience the magic of the holidays," stated SIS Bank President & CEO Blaine Boudreau. "Thank you, Diana, for helping us to put smiles on the faces of these deserving children and their families."

The Buxton branch of SIS Bank will be collecting toys for the Buxton Toy Box during the month of December. For more information on the organization, including how to donate directly, go to: <https://www.buxton.me.us/toy-box-committee>.

Faith Smith, Market Manager of SIS Bank Buxton branch (left), stands with Buxton staff member Diana Panetti (right) for the August Employee Donation of the Month presentation. COURTESY PHOTO

Pure honey and maple products exempt from 'Added Sugar' label

Senator Angus King (I-Maine) applauded an announcement from Food and Drug Administration (FDA) Commissioner Scott Gottlieb on an updated approach to food labeling which exempts pure, single-ingredient foods like honey and maple sugar products from labels that confusingly claim "added sugar." The FDA had stated the change was meant to help consumers be aware of the amount of sugar they are consuming, but maple and honey producers expressed concerns that the new labels could mislead consumers into believing that sugar

was added after harvesting. In his statement, Commissioner Gottlieb said that the final guidance regarding pure, single-ingredient foods could be expected early next year.

"This is a welcome result for Maine honey and maple producers who work hard to create their foods, and for consumers who will be saved from extra confusion as they shop for pure, natural products. I'm grateful for the FDA's willingness to engage with stakeholders and lawmakers in pursuit of a better policy, and look forward to evaluating the final proposal," said Sen. King.

OPINION

LETTERS

Support for Sampson

From a very non-political person, writing a letter to air my personal views on a candidate or their actions is foreign to me. From years in the food and beverage industry I've learned launching discussions on politics rarely gets you anywhere but intervening in arguments on matters people only half understand.

Recently I placed a sign on the property I manage endorsing Heidi Sampson, it is something I've never done and thought about only briefly. Viewing your political beliefs can be a horrible choice in business. People react, vote with their dollars and generally don't take the time to find out why you made the choice, but I did only consider it for a moment. Heidi Sampson has proven to me why we send people to Augusta and that a legislator can truly advocate for their constituents, irregardless if they are blue, red, green or somewhere else on the spectrum of political parties.

On March 7th the company I help manage was struck with a tragedy few people recover from. A nor'easter combined with a fire leveled Province Lake Golf, taking with it 100 years of history and jeopardizing the legacy it holds and the host of jobs it provides in a very rural area. At the time it was one of the most devastating moments of my life, I didn't foresee how much more we would have to surmount to ensure this entrusted piece of history continued on.

After notifying state authorities of our loss we regrouped, gathered our team and began to plan how to move on, how to rebuild and on a basic level how to survive. The outpouring of support was humbling, the response from state officials positive and we were confident we could meet not only the needs of the golfers, the diners, the members but of the community we work hard to build everyday.

Our property is large, many buildings encompass PLG. Our licenses were renewed, tents were erected, equipment purchased and our team began to rally to push through this. At 3:30 on the Thursday before Memorial Day weekend I was shocked to get a phone call from the Department of Health and Human Services asking us to cease operations, we had received our renewed license just weeks before. I talked while I continued to plan a wedding, a Veteran's and First Responders Memorial BBQ and a season Kick Off event for our many supporters within the next week. Cancel? I couldn't imagine it any more than I could see allowing anything to stop us from rebuilding.

I found very little help, if not complete lack of care or concern from some Augusta offices, excuses were made, timelines that were ridiculous established and infor-

mation or even counseling on how to circumvent the outcome of the phone call were ignored, argued and flat out denied. I was crushed knowing I had to deliver such news to my staff and my members, the weight of this legacy felt suffocating and when your government won't help you where do you turn?

I began to reach out to offices in August with no response. I reached out to local boards, with great support but no answers. I made phone call after phone call to the legislative role call, any number online I could find. I sent messages to facebook pages belonging to all sides, individual officials and quickly began to lose hope.

Only after a suggestions form a good friend did I get to meet Heidi Sampson. She reached out to me. She asked me how she could help. She made phone calls, she reached people who before were not able or willing to listen. After that, she showed up. She finished her chores at her farm, drove her pickup and picked me up and off to Augusta we went. We went office to office until appointments were made, plans began to form and she promised me through the day we would not leave without at the very least a plan, if not a resolution.

I have zero doubt my last meeting of the day would have continued on the same path. The woman I met with at DHHS was immovable, uninformative and argued every point, though many questions she had to consult the Maine Food Code because she was unfamiliar with the specifics. Every scenario, every statement was met with flat out resistance or shut down without discussion. I still to this day believe only because Heidi Sampson sat there and moderated the meeting by just keeping everyone calm we were able to come up with a plan that abided by both the law but allowed us to operate during our rebuilding. No rules needed to be bended, counseling and guidance were needed and finally given. This would not have happened without a legislator who was willing to drop everything, give up personal time and work to help ensure a small local business continued.

We may not stand on the same party lines but I was proud to place Heidi's campaign sign and give her my endorsement. She embodies what I believe we elect our officials to do, represent us, speak for us, advocate for us. Her actions spoke louder than any words from people that would disparage the commitment to the community and legacy we are a part of.

A vote for McNamara

In November, I will cast my vote for Kelcy Greer McNamara to represent me in the Maine State House for District 21. Kelcy has my support, because she is an effective leader and an incredibly hard worker. She is exceptional at collaborating with others, which is clear when one views her professional career and it is certainly evident in her current campaign. She has enlisted support from many community groups and held listening sessions to hear concerns and to share a vision. She is skilled at building consensus among diverse groups and convincing others of the importance of working together for common ground.

I love how Kelcy approaches things with an open mind and is always respectful of all views and

backgrounds. It has been nearly 20 years since I first met Kelcy and her parents. They are an inspiring family. We live in a diverse community and we have much to accomplish together. Known to persevere and not permit setbacks to derail important initiatives, Kelcy is exactly who I want working on my behalf for better health care for all, improving public education and working to preserve our beautiful precious environment. Her optimism and enthusiasm and her deep roots here will serve her well in collaborating and sharing our voice in Augusta.

Please join me in supporting Kelcy McNamara on Nov. 6 for Maine State House District 21.

Thank you.

ALFRED

Allison Williams

awilliams@waterbororeporter.com
324-5823

Alfred info meeting

An informational meeting will be held at Conant Chapel on Wed. Sept. 26 to review the special Town Meeting Warrant with several articles including a revision to an Ordinance Chapter 60 entitled "Rescue Department" to create a revised Ordinance Chapter 60 entitled "Alfred Fire and Rescue Department."

Town Clerk

There was one birth in August, two deaths, no burial permits given and two marriage licenses sold. Eleven altered dogs were licensed, three unaltered dogs, and six hunting and fishing licenses sold. During the recent cleaning at town hall some interesting papers were found. These will be viewed at the next Alfred Historical Society meeting.

Parsons Memorial Library

It was a busy morning in Parsons Library this past Wednesday. The mostly two year olds had listened to "The Bugliest Bug" by Carol Shields and "Ladybug Girl" by David Soman and were illustrating the stories in their own creative fashion. Counting mothers and toddlers there were 21 in attendance.

New reading for the adults at

the library includes "All We Ever Wanted" by Emily Griffen; "Badlands" by C.J.Box; "Bloody Sunday" by Ben Coes; "Countdown City" by Ben H. Winters also "World of Trouble"; "Something in the Water" by Catherine Steadman; "When We Found Home" by Susan Mallery; and "White Pine: American History and the Tree That Made a Nation" by Andrew Vietze.

Alfred republicans met at in Wells

The first of a series of informational meetings in the Seacoast Republican Headquarters in Kennebunk was held Sept. 11. The special guest speaker was Newell

Auger, chairman of the "No on One Campaign," who presented the case for why voters should vote no on Question 1, the so-called "Universal Health Care" referendum on the Nov. 6 ballot.

Elementary school

The next meeting of the Parent Teacher/Student Association will be held Oct. 2 at 3:30 p.m.

School pictures will be taken on Wednesday, Sept. 26.

Extension service opportunities

Beginner Bee School registrations are open. The five week course will be held Wednesdays starting Sept. 26.

A Master Gardener workshop coming up at Laudholm Farm in Wells is "Garlic Growing" on Sept. 16 at 6 p.m.

"So You Want to Farm in Maine?" Starting Oct. 9 is a multi-session course designed for people who want to start a profitable farm or expand their farm hobby to a profitable business.

Permits issued

August was an unusually busy month for the codes enforcement officer. In spite of muggy weather, residents were inspired to build or improve their residences. William Ballanger of Roberts Road had a stand by generator installed, and Carl French of Kennebunk Road decided on solar panels. Char-

lene Theriault of Jordan Spring Road now has a gazebo and Eric and Angie Labbe of Gore Road put in a shed. Replacement windows were installed by Shayna McLaughlin of Gore Road; James Guilfoyle of Helenfield Drive had three hazard trees removed; Jason Labonte of Woodland Ridge Road has a new home; Daniel Dallaire of Stone Road had a mechanical heat pump installed. Philip Giordano of Old Falls Pond Road had a demolition done and Kevin McCormic of Mouse Lane had an addition installed. William Day obtained a permit for a logging road entrance. Elinor Gosselin of Middle Branch Drive had a mobile home demolished and a new mobile home installed.

Prearrangement consultation at no charge at the funeral home or in the comfort of your home.
